# THE 1959 GRIZZLY GROWL

EL DORADO JUNIOR COLLEGE

El Dorado, Kansas

# From the Dean's Desk

## EL DORADO JUNIOR EL DORADO - KANSAS

OFFICE OF THE DEAN

Student Body  
El Dorado Junior College  
El Dorado, Kansas

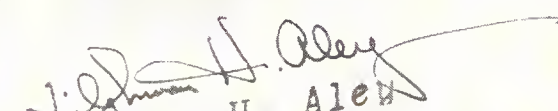

As the day approaches when I shall leave the campus for twelve months, I become increasingly reluctant to break the ties that I have formed here. Words have yet to be discovered that could express my deep appreciation and high regard for the student body of the junior college.

It is my hope that each one of you has benefited according to the extent that you have given of your talents, and that your stay at Juco has been worth while. Only a few weeks stand between some of you and complete separation from our school. Others of you will spend another year here--a year that you can make even more profitable than the first.

The wonderful association that I have had with the staff and student body of El Dorado Junior College has so endeared Juco to me that I know I shall find leaving very difficult.

On behalf of the faculty and myself, I should like to express our thanks to you for making this school year a memorable one in the history of Juco.

Cordially yours,

  
Tilghman H. Alley  
Dean
